

The Seaplane Add-On Rating

Lot's of information on why it's fun to fly seaplanes including an inside look at AOPA's Odyssey (Trek) from MN to Florida in the Beech 18 on straight floats, Trips to the Arctic Circle, What is in the Practical Test Standards and a video on seaplane training. Also, Woody will answer questions similar to: What is the difference between a float plane and a boat plane? Why in the world would anyone get a seaplane rating? We can land but can we get out? What if you hit something?....and more. A must see seminar!!!!

Directions: This seminar will be located in the Modern Avionics Hanger.

A message from the National FAASafetyTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafetyTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
